Enrollment Now Open For UIC Soccer Center Of Excellence Fall Offerings

Top-level training environment available for boys and girls ages 6-18.

Aug. 8, 2007

[Center of Excellence Information & Enrollment Page](#)

Chicago, Ill.- Enrollment is now open for fall sessions of the UIC Soccer Center of Excellence presented by [John Trask](#) Total Soccer.

Available to boys and girls ages 6 through 18, the Center of Excellence consists of nine training sessions beginning the week of August 28-29 and ending the week of November 13-14.

Players have the option of signing up for Tuesday or Wednesday training sessions, or they can sign up for both days.

The Center of Excellence, based on a brand of training developed in Europe and utilized all over the globe, focuses on providing young players top-level training by using advanced methods that help develop skills in areas that normal team training does not allow.

Under the guidance of UIC head coach [John Trask](#) and his staff of collegiate coaches and players of the highest level, players training at the Center of Excellence will engage in activities geared toward developing good skill rather than just good technique and helping them become a "Total Soccer" player.

Special group/team rates are available. Contact the UIC Soccer office at (312) 996-6755 for group/team pricing.

For more information and to enroll, visit the [Center of Excellence](#) page.
